

## Product Highlights

- Full range of sizes
- Long term exposure to 540°C
- Highly flexible
- Conforms to irregular shapes and contours
- Economical Lightweight

# Thermojacket® P

## Sleeving for long-term heat protection

Bentley-Harris® Thermojacket sleeving provides excellent long-term heat protection for hoses, wire harnesses and cables. Thermojacket is available in a variety of grades, offering industrial users the option of selecting combination of properties best suited to their specific application.

Thermojacket P sleeving is an unsaturated bulky knit constructed of high-temperature fiberglass yarn that withstands temperatures up to 540°C in continuous operation. Use of this product offers an especially cost-effective application for resistance to high temperatures.
