

Federal-Mogul Receives Supplier Excellence Award

Federal-Mogul was honored as a premier supplier to Derendinger Trading AG, one of Europe's largest providers of replacement parts and repair services, during a presentation at the 2009 International Motor Show in Geneva, Switzerland. Derendinger Trading AG, located in Dietikon, Switzerland, recognized the F-M Aftermarket Parts and Services organization as one of its top suppliers of 2008.

The award was presented to F-M Europe, Middle East and Africa (EMEA) Vice President Martin Hendricks by Ernst Brändli, managing director, Derendinger Trading AG. "We are very pleased that Derendinger Trading continues to experience great success with our broad range of automotive and commercial vehicle brands and repair solutions," said Hendricks. "The key criteria for this award – product quality and range, responsiveness and flexibility – mirror the fundamental characteristics that have helped drive our significant growth. This and the other important customer awards we have received in recent months tell us that we are providing significant value to our trading partners."

Derendinger Trading AG operates more than 60 business locations throughout Europe. The company offers an array of F-M brands and products, including Ferodo® brakes; MOOG® steering and suspension parts; Champion® spark plugs, wipers and filters; Goetze® and Payen® engine and sealing components; Beral® commercial vehicle brake products; and AE® engine parts.
