## **OUR POLICIES ON SLAVERY AND HUMAN TRAFFICKING**

We continue to be committed to ensuring that there is no modern slavery or human trafficking in our supply chains or in any part of our business.

In light of the obligation to report on measures to ensure that all parts of our business and supply chain are slavery free we regularly review our workplace policies and procedures to assess their effectiveness in identifying and tackling modern slavery issues.

Our workplace policies and procedures demonstrate our commitment to acting ethically and with integrity in all our business relationships and to implementing and enforcing effective systems and controls to ensure slavery and human trafficking is not taking place anywhere in our supply chains.

## **DUE DILIGENCE PROCESSES FOR SLAVERY AND HUMAN TRAFFICKING**

As part of our ongoing efforts to identify and mitigate risk we continue to complete the following:

- ISO/TS audits
- Integrity certification for new starters and recertification on annual basis for existing employees
- Code of conduct training for all new employees
- Integrity certification on an individual's exit from the companies employment
- Equality training to all new employees
- Federal-Mogul Hotline
- Compliance team
- Supporting HR procedures

The systems we have in place continue to:

- Identify and assess potential risk areas in our supply chains.
- Mitigate the risk of slavery and human trafficking occurring in our supply chains.
- Monitor potential risk areas in our supply chains.
- Protect whistle blowers.

#### **SUPPLIER ADHERENCE TO OUR VALUES**

We have zero tolerance to slavery and human trafficking. To ensure all those in our supply chain and contractors comply with our values we have in place a supply chain compliance programme.

The programme begins when a new supplier is approved by Federal-Mogul. Before commencing any business with the supplier they are sent a pack which contains all of Federal-Mogul policies and procedures which are relevant such as our Code of Conduct. Each supplier is then requested to sign a contract which confirms they will abide by our policies and procedures which include zero tolerance to slavery and human trafficking. Although each supplier is not reviewed due to the thousands of suppliers which we use, when each order is created the supplier receives a reminder of our policies and procedures by way of links with each order.

We have a compliance team, which consists of representatives from the following departments:

- General Counsel's office
- Finance
- Human resources
- Internal Audits Department

#### **TRAINING**

To ensure a high level of understanding of the risks of modern slavery and human trafficking in our supply chains and our business, all our staff are provided with training. This training occurs on induction and refresher training continues to be provided on an annual basis to all salaried paid employees. We also require our business partners to provide training to their staff, suppliers and providers.

#### **OUR EFFECTIVENESS IN COMBATING SLAVERY AND HUMAN TRAFFICKING**

We reserve the right to spot check our suppliers as we deem necessary and to measure how effective we have been to ensure that slavery and human trafficking is not taking place in any part of our business or supply chains.

## FURTHER STEPS
